NOTICE OF PUBLIC COMMENT PERIOD

The Wayne County is requesting a permit to continue operation of the Long Hollow Class II landfill located approximately 4 miles southwest of Loa, Utah. Class II landfills receive less than 20 tons per day of nonhazardous solid waste including municipal solid waste, commercial waste, and construction/demolition waste.

Before taking action on the request, the Division is providing a public comment period to receive input. The public comment period on the draft permit begins Wednesday, December 7, 2005 and will end January 6, 2006. A public hearing may be held if, within 15 days of publication of the notice, a request is made to the Executive Secretary in writing and meets the requirements of Utah Administrative Code R315-311-3.
